Call for experienced researcher to assist to the project implementation phase to the Deliverable D3.2.2 In-Depth Interviews with HR Managers

Public Opinion Research Unit at the University of Macedonia Research Institute launches a Call for an **experienced researcher** in order to participate to the **Deliverable D3.2.2 In-Depth Interviews with HR Managers for the purpose of the Interreg IPA – CBC “Greece – North Macedonia” 2014-2020 BeIn Project.**

The rationale of the **D3.2.2 In-Depth Interviews with HR Managers** lies on the recruiting process of the SMEs of individuals that attempt to match qualifications in the current job market. This deliverable focus on the “supply” side, with the specific insights that HR managers could offer.

A qualitative survey with personal interviews in HR managers will be designed and implemented. This will further contribute to the gap between the desired qualification and the current labor force strengths. All data will be open and uploaded to the e-library for future exploitation.

The experienced researcher will participate to the work team, and work together under the guidance of the Scientific Coordinator of the BeIN project and the WP Coordinator.

Please apply [here](#).

The project is co-funded by the European Union and by National Funds of the participating countries in the INTERREG IPA Cross Border Cooperation Programme "Greece - Republic of North Macedonia 2014-2020"
